From the Desks of the Co-Presidents

Julie Simpkins & Greg Echols

June is recognized as Mental Health Awareness month.

The month of June provides a wonderful opportunity to raise awareness about mental

health and its significance. The pandemic brought mental health issues to the forefront, highlighting the importance of taking care of ourselves and each other. Mental health plays a significant role in our overall well-being, and it deserves the same attention we pay to our physical and spiritual health.

Mental health awareness month is a wonderful opportunity to reduce the stigma surrounding mental health and encourage open conversation about it. It is vital to create supportive and inclusive work, social and home environments where people feel comfortable discussing their mental wellbeing.

June is also an opportunity for honoring our Fathers.

Father's Day is just around the corner, and it is the perfect opportunity to celebrate the special bond shared with fathers and father-figures in our lives.

Fathers have been a constant source of support throughout our lives. They have provided us with guidance, wisdom, and a sense of security that has helped shape who we are and who we want to be for others.

As Co-Presidents we look to our fathers when times seem tough and when it is time to celebrate.

Take time; make time, to honor our fathers and father figures, whether they are near or far. Let us celebrate the memories we have shared with them, the lessons they have taught, and the love they have given us.

Let us also remember those who may not have a father-figure in their lives. Reach out and let them know they are loved.

What does the end of the Public Health Emergency for the COVID-19 Pandemic Mean?

Deborah Denham RN, MSN, CPPS, CPHRM

Does the end of the Public Health Emergency mean that COVID-19 is over? It means the strict regulatory guidance has been modified in light of a decrease in overall death and hospitalization related to COVID-19 illness.

To put this pandemic in perspective, the following information reflects some of the causes for all the restrictions and measures put in place during the Public Health Emergency.

Date at height of that Wave of COVID-19	# of new Deaths/wk
4/18/2020	17,201
1/9/2021	25,974
9/4/2021	15,493
1//22/2022	21,324
4/29/2023 (current)	714
Overall total deaths in the U.S. during the Pandemic	1,127,928

Date at height of that Wave of COVID-19	# of New Hospitalizations/wk
1/9/2021	115,480
8/28/2021	85,785
1/15/2022	150,674
1/7/2023	44,422
5/6/2023 (current)	9,455
Overall total hospitalizations during the Pandemic	6,143,551

The World Health Organization (WHO) has indicated a cumulative of 6,927,378 deaths worldwide from COVID-19. Examining how vulnerable the residents are from an age perspective, the people aged 65 years or older made up 16.5 % of the general population but had 75.9 percent of the deaths from COVID-19.

With all that information, the CDC and State Health Departments were able to decrease some of the measures necessary to keep people safe. Vaccination and updated boosters are still the most effective preventative measure for hospitalization and death. The COVID-19 virus is not going away but being added to infection control measures already in place in Assisted Living/ Supportive Living communities. We do expect people to have the virus from time to time and that they will spread it to others, just like the flu. But the measures we have in place for isolating people that are positive for COVID-19, intermittent testing for COVID-19 if you had an exposure and for intermittent mask wearing if there is an outbreak in a community is far less restrictive than the measures that were in place prior to the COVID-19 vaccination.

Recipe Corner Key Lime Cream Pie

- 1 pkg. pecan shortbread cookies, crushed (abt. 2 cups)
- 1/3 cup butter, melted
- 4 cups heavy whipping cream
- 1/4 cup confectioners' sugar
- 1 tsp. coconut extract
- 1 package 98 oz.) cream cheese, softened
- 1 can 914 oz) sweetened condensed milk
- 1/2 cup key lime juice
- 1/4 cup sweetened shredded coconut, toasted
- Optional: Maraschino cherries with stems and sliced key limes

Directions

1. In a small bowl, mix crushed cookies and butter. Press onto bottom and up side of a greased 9-in. deep dish pie plate. In a large bowl, beat cream until it begins to thicken. Add confectioners' sugar and extract; beat until stiff peaks form. In another large bowl, beat cream cheese, condensed milk and lime juice until blended. Fold in 2 cups whipped cream. Spoon into prepared crust.
2. Top with remaining whipped cream; sprinkle with toasted coconut. Refrigerate until serving, at least 4 hours. If desired, add garnish with cherries and limes.
